

PRE-EMPLOYMENT DRUG AND ALCOHOL TESTING POLICY

The Todd County School District will require pre-employment testing for alcohol and drug use by applicants. This policy will take effect for the 1999-2000 school year for those employees offered employment after September 1, 1999.

Any applicant testing positive for alcohol and/or drugs, or who refuses to be tested for alcohol and/or drugs, will not meet the minimum requirements for employment. The School will pay for the testing if the applicant tests negative for alcohol/drugs.

ADOPTED: May 24, 1999
