

Todd County School District Policy: JJICAA

ATHLETIC PARTICIPATION OF ELEMENTARY STUDENTS NOT ENROLLED AT TODD COUNTY MIDDLE SCHOOL

The Todd County School District recognizes that there are athletic programs offered at the Todd County Middle School that are not offered at other elementary schools within the Todd County School District.

Students enrolled in the 6th, 7th, and 8th grades at any Todd County School that are not enrolled at the Todd County Middle School will be given the opportunity to participate in “only” those athletic programs that are “not” offered at their school of enrollment.

If a student enrolled at any other Todd County School chooses not to participate in an athletic activity offered at their school of enrollment, they will not be allowed to then participate in that same activity when it is offered at the Todd County Middle School.

For those students who choose to participate in an athletic program “not” offered at their school of enrollment the parents/guardians will be responsible for the time/transportation/cost of getting their student to and from the Todd County Middle School.
